DELIVERY & GYNECOLOGY

COLLECTION OVERVIEW

Comprehensive solutions for maternity wards, delivery rooms and gynecology examination areas. Designed to enhance patient comfort, caregiver efficiency and reliable clinical performance.

DELIVERY SOLUTIONS

Hydraulic & Electric Delivery Beds

MODELS

- > **T 2810** Hydraulic Delivery Bed
- > **T 2830** Electronic Delivery Bed / 3 Motor
- > **T 2840** Electronic Delivery Bed / 4 Motor

Designed to support labor, delivery and postpartum care with ergonomic positioning and reliable operation.

GYNECOLOGY SOLUTIONS

Manual & Electric Examination Chairs

MODELS

- > **T 2800** Manual Gynecology Examination Chair
- > **T 2860** Electronic Gynecology Examination Chair / 3 Motor

Flexible examination solutions developed for gynecology clinics, outpatient departments and healthcare facilities.

DESIGNED FOR CARE | **BUILT FOR RELIABILITY**

T 2810

HYDRAULIC DELIVERY BED

Designed for safe and efficient delivery procedures, the T 2810 Hydraulic Delivery Bed combines hydraulic height adjustment, versatile positioning functions and durable construction to support healthcare professionals throughout labor and delivery processes.

KEY FEATURES

- Pedal operated hydraulic height adjustment
- Gas-spring assisted backrest adjustment
- Trendelenburg / Reverse Trendelenburg positions
- Retractable foot section
- Detachable polyurethane gynecological (Goepel supports) leg supports
- Detachable and adjustable stainless steel side rails
- Diagonal lockable castors
- Safe working load 250 kg

TECHNICAL DATA

PARAMETER	VALUE
External Dimensions	1050 x 2100 mm
Mattress Platform	850 x 1950 mm
Height Adjustment Range (From the Seat)	550 – 900 mm
Backrest Adjustment	0° – 70°
Trendelenburg Adjustment	0° – 13°
Reverse Trendelenburg Adjustment	0° – 13°
Safe Load Capacity	250 kg
Castor Dimensions	125 mm

T 2830

3 MOTOR ELECTRONIC DELIVERY BED

The T 2830 3 Motor Electronic Delivery Bed is designed to provide maximum comfort and safety for both patient and caregiver. With electronic adjustments, durable construction and user-friendly features, it ensures efficient and reliable performance during labor and delivery.

KEY FEATURES

- 3 motors
- Electronic adjustment of backrest, height and Trendelenburg / reverse Trendelenburg
- Manually retractable foot section
- Stainless steel retractable fluid bowl under the seat section
- Detachable polyurethane gynecological (Goepel supports) leg supports
- Detachable stainless steel pushing bars
- 3 section detachable ABS mattress platform for easy cleaning operation
- Manual CPR at backrest
- Anti-bacterial polyurethane covered mattress
- Central and directional lockable castors
- Special designed 30 kg/m³ foam provides maximum comfort to patient

TECHNICAL DATA

PARAMETER	VALUE
External Dimensions	1050 x 2150 mm
Lying Surface Dimensions	850 x 1950 mm
Height Adjustment Range (From the Seat)	450 – 850 mm
Backrest Adjustment	0° – 70°
Trendelenburg Adjustment	0° – 15°
Castor Diameter	125 mm
Safe Load Capacity	250 kg

T 2840

4 MOTOR ELECTRONIC DELIVERY BED

The T 2840 4 Motor Electronic Delivery Bed combines advanced technology, superior comfort and high performance to support safer and more efficient labor and delivery. Its intelligent design provides maximum flexibility for both patient and caregiver.

KEY FEATURES

X-RAY TRANSPARENT HPL PLATFORM

Allows X-Ray imaging without moving the patient for faster and safer diagnosis.

300 KG SAFE WORKING CAPACITY

Column motor system ensures exceptional stability and high load capacity.

INDEPENDENT SEAT SECTION ADJUSTMENT (4TH MOTOR)

Seat section can be adjusted independently to increase pelvic pressure when needed during delivery.

ELECTRONIC CPR

Quick and safe positioning in emergencies with one-touch electronic CPR.

BATTERY BACKUP

Built-in battery ensures uninterrupted operation during power outages.

CENTRAL & DIRECTIONAL LOCKABLE CASTORS

Easy maneuverability and secure positioning with central locking system.

RETRACTABLE FOOT SECTION

Provides extended surface for tall patients and easy access when needed.

DURABLE & HYGIENIC DESIGN

HPL platform, ABS covered base, removable panels and stainless steel components ensure long-lasting hygiene and durability.

TECHNICAL DATA

PARAMETER	VALUE
External Dimensions	105 x 210 cm.
Dimensions of Mattress Platform (Bed Position)	85 x 200 cm.
Dimensions of Mattress Platform (Chair Position)	85 x 145 cm.
Backrest Angle	0° – 70°
Seat Surface Angle	0° – 30°
Trendelenburg / Reverse Trendelenburg Angle	± 12°
Height Range	61 – 99 cm.
Castor Diameter	125 mm.
Safe Working Capacity	300 kg.

T 2800

MANUAL GYNECOLOGY EXAMINATION CHAIR

The T 2800 Manual Gynecology Examination Chair is designed for reliable performance, patient comfort and ease of use. With manual adjustments and durable construction, it is an ideal solution for gynecological examinations in clinics and hospitals.

KEY FEATURES

Manual adjustment of foot-rest, backrest and Trendelenburg

Waste bin

Stainless steel waste bin included for convenience.

Removable and adjustable polyurethane material gynecological (Goepel supports) leg supports

Metallic support handles for added stability.

Electro static epoxy powder painted ST-37 carbon steel structure

Anti-bacterial vinyl covered seating surface with high density 30 kg/m³ foam for maximum patient comfort.

Escabo and tissue roll hanger for daily use.

VINYL COLOR OPTIONS

OPTIONAL CASTORS
Diagonal lockable castors available upon request.

TECHNICAL DATA

PARAMETER	VALUE
